FloraSeries™

The Advanced Nutrient System

**The Building Blocks
of Plant Nutrition**

FloraSeries™

The Advanced Nutrient System

- The Original Building-Block Nutrient System! Imitated but never duplicated.
- Complete Primary, Secondary and Micro Nutrients for enhanced yields and better crop quality.
- Adjust the mixtures to suit specific plant needs.
- Enhance flavor, nutrition, aroma and essential oils in plants, both hydroponic and soil cultivated.
- Highly Purified Concentrates for Maximum Solubility
- pH Balanced for Ease of Use and Bigger, Better Harvests!
- NASA and Antarctic Research Scientists choose FloraSeries™ because of its Superior Formulation and Reliability
- The Industry Standard World-wide

The foundation of the "Building-Block" System. Provides Nitrogen, Potassium, Calcium and trace elements.

Stimulates structural and vegetative growth. Builds strong roots. Provides Nitrogen, Phosphorous, Potassium and secondary minerals.

Stimulates flower and fruit development. Enhances flavor, aroma and essential oils. Provides high Phosphorous, Potassium, Magnesium and Sulfur.

If your tap water is over 200 ppm (or contains Calcium above 70 ppm), use HardWater FloraMicro®. If your water contains 30 to 50 ppm Calcium, you can mix our original FloraMicro® with HardWater FloraMicro® to create a perfect Micro blend for your plants.
